CTA Yellow Line Oakton Station in Downtown Skokie Project

Fare control equipment in the South Station

Finishes at the station platform

Bicycle canopy at entrance of the North Station

April 2012

Oakton Station Progress

Station construction is in the final stages. Punch list activities are underway along with necessary touch ups and adjustments.

The station accessories and signage installation will be completed soon. Electrical and communication equipment installation is coming to an end and testing is underway within the North and South Station Houses.

Preparations are being made with the CTA to conduct an orientation of the systems and equipment installed in the new station. In addition, planning is underway to integrate the train signal system with the existing CTA system and begin final testing of the train signal and communications systems.

What's Next

The following activities/installations are expected to begin or continue in the coming weeks:

- Communication equipment testing
- Station house signage
- Village punch list
- CTA punch list
- CTA orientation
- Train signal coordination and integration with existing system
- Start of service

Service begins Monday April 30, 2012!!

The Village of Skokie and project partners are pleased with the progress thus far and hope these monthly updates are informative. Please contact the Village with any questions or comments.

If you have any questions, please contact the Village of Skokie: phone: (847) 933-8232 or email: info@skokie.org
