- Stops at new Park-n-Ride Station
- Stops at existing Park-n-Ride
- Express route using I-90
- New/improved connecting route
- Park-n-Rides & routes debuting in 2017

Coming in 2017

Pace I-90/IL 25 Park-n-Ride Station

Located on IL Route 25 just off of I-90, this free Park-n-Ride will have 199 spaces and will be served by Routes 543, 603, 605 and 607.

Pace I-90/Barrington Road Park-n-Ride Station

Located on Barrington Road just off of I-90, this free Park-n-Ride will have approximately 170 spaces and will be served by Routes 603, 605 and 607.

Barrington Road Distributor Service

This service will operate between the Kiss-n-Ride at the Pace I-90/Barrington Road Park-n-Ride Station and nearby residential and business centers south of I-90.

Pace I-90/Barrington Road Park-n-Ride Station Features

- Pedestrian bridge and underpasses for Park-n-Ride and Kiss-n-Ride access
- On-highway bus stops—a first for northeastern Illinois

Pace's I-90/Barrington Road Park-n-Ride Station is an innovative passenger facility which will board and alight (pick up and drop off) express route passengers at a time-saving on-highway bus stop. This station will be accessible by a pedestrian bridge and an underpass crossing for Park-n-Ride and Kiss-n-Ride access.

Barrington Road Pedestrian Bridge and Station

I-90 SmartRoad and Flex Lanes

As part of the I-90 Rebuilding and Widening Project, the entire I-90 corridor has been reconstructed to include flexible infrastructure to enable the Tollway to add new "smart" features as needed or as they become available. The new gantries will not be used for toll collection or violation enforcement.

The new I-90 SmartRoad will create the option for Pace buses to travel in the new transit-only Flex Lanes when congestion is present. When the I-90 Flex Lanes are ready for Pace buses to use in the summer of 2017, schedules may be adjusted to reflect the faster trip times.
