Oakton Station Progress

Service to all for the Oakton Station has begun!

Station construction is now complete. The final testing, punch list activities, touch-ups and adjustments are done and the station is open for business. The adjacent “kiss and ride” lot is almost complete as well offering riders a convenient drop off area for their family and friends.

The station includes a north and south station house with convenient entrances from Skokie Boulevard, Searle Parkway and Oakton Street. The station has customer assistance kiosks and fare card vending machines for convenience. In addition, the station offers new signage, bicycle parking and connections to bus service.

The Village appreciates the community's patience during construction. The new station provides convenience and excitement to our community and Downtown Skokie.

What's Next

Please join us for the Oakton Station community celebration on June 24, 2012 from 2 to 4 p.m. Details available soon at www.skokie.org

We look forward to celebrating the opening of the station with the community.

The Village of Skokie and project partners are pleased with the station progress and hope these monthly updates have been informative. Please contact the Village with any questions or comments.

If you have any questions, please contact the **Village of Skokie**: phone: (847) 933-8232 or email: info@skokie.org
