GETTING WHERE YOU WANT TO GO

Did you know there are more than 55 bus routes in the Milwaukee County Transit System?

The MCTS Transit Guide includes a color map of all these routes and their connections throughout Milwaukee County and several adjacent communities. Use the Guide to see which bus(es) to take. Find the route closest to your starting point, then find the route closest to your destination. If the route number is the same, you can travel directly on one bus. If not, simply transfer to the connecting bus shown.

Look for your copy in display racks throughout Milwaukee or visit www.RideMCTS.com.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.
2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**
3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.
4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** 0 shows all connecting routes and 0 "timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.
2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**
3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.
4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** 0 shows all connecting routes and 0 "timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.
2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**
3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.
4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** (0) shows all connecting routes and [0] "timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

GETTING WHERE YOU WANT TO GO

Did you know there are more than 55 bus routes in the Milwaukee County Transit System?

The MCTS Transit Guide includes a color map of all these routes and their connections throughout Milwaukee County and several adjacent communities. Use the Guide to see which bus(es) to take. Find the route closest to your starting point, then find the route closest to your destination. If the route number is the same, you can travel directly on one bus. If not, simply transfer to the connecting bus shown.

Look for your copy in display racks throughout Milwaukee or visit www.RideMCTS.com.

10 TIPS FOR EASY TRANSIT USE

Transit Guide
For a map showing all MCTS routes system wide, as well as detailed "how to" information, look for the MCTS Transit Guide in racks throughout Milwaukee or visit RideMCTS.com to find the route that gets you where you want to go.

Google Transit Trip Planner
The easiest way to plan your trip is by using Google Transit Trip Planner located on the RideMCTS.com homepage. Simply put in your starting point, destination and time you want to travel and the planner will give you detailed instructions including route numbers, times and transfer points.

Route Guides
To know everything about the routes you're going to use, look for detailed route guides in display racks throughout Milwaukee or visit RideMCTS.com. Route guides can also be found on board buses.

Bus Stops
Most local routes have stops about every two blocks. Make sure your route number is printed on the sign at the bus stop you choose.

Before Boarding
To make sure you board the correct bus, look at the electronic sign on the bus to make sure it matches your route and final destination.

How to Pay
Have the fare you need ready before boarding. Exact cash fare, bus ticket, weekly pass or other MCTS passes are accepted. Once you're on the bus deposit the cash or ticket in the farebox near the driver or show the driver your bus pass.

For a Transfer
When paying your fare, ask the bus driver for a transfer if you plan to change to another bus to complete your trip.

Just Ask
If you are not familiar with the area where your destination is located, ask the driver to call your street.

Signal Driver
To signal to get off the bus, use the touch strip or pull cord located above the window inside each MCTS bus. If you are utilizing the bike rack located on the front of the bus, remind your driver that you will need to unload your bike once the bus has stopped.

To Exit
Exit from the rear door of the bus once the green light above the door appears. Touching the center of the handles automatically opens the doors.

10 TIPS FOR EASY TRANSIT USE

Transit Guide

For a map showing all MCTS routes system wide, as well as detailed "how to" information, look for the MCTS Transit Guide in racks throughout Milwaukee or visit RideMCTS.com to find the route that gets you where you want to go.

Google Transit Trip Planner

The easiest way to plan your trip is by using Google Transit Trip Planner located on the RideMCTS.com homepage. Simply put in your starting point, destination and time you want to travel and the planner will give you detailed instructions including route numbers, times and transfer points.

Route Guides

To know everything about the routes you're going to use, look for detailed route guides in display racks throughout Milwaukee or visit RideMCTS.com. Route guides can also be found on board buses.

Bus Stops

Most local routes have stops about every two blocks. Make sure your route number is printed on the sign at the bus stop you choose.

Before Boarding

To make sure you board the correct bus, look at the electronic sign on the bus to make sure it matches your route and final destination.

How to Pay

Have the fare you need ready before boarding. Exact cash fare, bus ticket, weekly pass or other MCTS passes are accepted. Once you're on the bus deposit the cash or ticket in the farebox near the driver or show the driver your bus pass.

For a Transfer

When paying your fare, ask the bus driver for a transfer if you plan to change to another bus to complete your trip.

Just Ask

If you are not familiar with the area where your destination is located, ask the driver to call your street.

Signal Driver

To signal to get off the bus, use the touch strip or pull cord located above the window inside each MCTS bus. If you are utilizing the bike rack located on the front of the bus, remind your driver that you will need to unload your bike once the bus has stopped.

To Exit

Exit from the rear door of the bus once the green light above the door appears. Touching the center of the handles automatically opens the doors.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.
2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**
3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.
4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** D shows all connecting routes and D "timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.

2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**

3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.

4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** (0) shows all connecting routes and [0] "timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

GETTING WHERE YOU WANT TO GO

Did you know there are more than 55 bus routes in the Milwaukee County Transit System?

The MCTS Transit Guide includes a color map of all these routes and their connections throughout Milwaukee County and several adjacent communities. Use the Guide to see which bus(es) to take. Find the route closest to your starting point, then find the route closest to your destination. If the route number is the same, you can travel directly on one bus. If not, simply transfer to the connecting bus shown.

Look for your copy in display racks throughout Milwaukee or visit www.RideMCTS.com.

COMMUTER VALUE PASS

YOUR COMPANY CAN MAKE YOUR COMMUTE MORE AFFORDABLE!

Ask your employer to check out the Commuter Value Pass program.

- Employer provides the program as an employee benefit.

10 TIPS FOR EASY TRANSIT USE

Transit Guide
For a map showing all MCTS routes system wide, as well as detailed "how to" information, look for the MCTS Transit Guide in racks throughout Milwaukee or visit RideMCTS.com to find the route that gets you where you want to go.

Google Transit Trip Planner
The easiest way to plan your trip is by using Google Transit Trip Planner located on the RideMCTS.com homepage. Simply put in your starting point, destination and time you want to travel and the planner will give you detailed instructions including route numbers, times and transfer points.

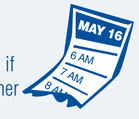
Route Guides
To know everything about the routes you're going to use, look for detailed route guides in display racks throughout Milwaukee or visit RideMCTS.com. Route guides can also be found on board buses.

Bus Stops
Most local routes have stops about every two blocks. Make sure your route number is printed on the sign at the bus stop you choose.

Before Boarding
To make sure you board the correct bus, look at the electronic sign on the bus to make sure it matches your route and final destination.

How to Pay
Have the fare you need ready before boarding. Exact cash fare, bus ticket, weekly pass or other MCTS passes are accepted. Once you're on the bus deposit the cash or ticket in the farebox near the driver or show the driver your bus pass.

For a Transfer
When paying your fare, ask the bus driver for a transfer if you plan to change to another bus to complete your trip.



Just Ask
If you are not familiar with the area where your destination is located, ask the driver to call your street.

Signal Driver
To signal to get off the bus, use the touch strip or pull cord located above the window inside each MCTS bus. If you are utilizing the bike rack located on the front of the bus, remind your driver that you will need to unload your bike once the bus has stopped.

To Exit
Exit from the rear door of the bus once the green light above the door appears. Touching the center of the handles automatically opens the doors.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.
2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**
3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.
4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** O shows all connecting routes and O timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

GETTING WHERE YOU WANT TO GO

Did you know there are more than 55 bus routes in the Milwaukee County Transit System?

The MCTS Transit Guide includes a color map of all these routes and their connections throughout Milwaukee County and several adjacent communities. Use the Guide to see which bus(es) to take. Find the route closest to your starting point, then find the route closest to your destination. If the route number is the same, you can travel directly on one bus. If not, simply transfer to the connecting bus shown.

Look for your copy in display racks throughout Milwaukee or visit www.RideMCTS.com.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.

2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**

3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.

4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** - 0 shows all connecting routes and 0 "timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

10 TIPS FOR EASY TRANSIT USE

Transit Guide

For a map showing all MCTS routes system wide, as well as detailed "how to" information, look for the MCTS Transit Guide in racks throughout Milwaukee or visit RideMCTS.com to find the route that gets you where you want to go.

Google Transit Trip Planner

The easiest way to plan your trip is by using Google Transit Trip Planner located on the RideMCTS.com homepage. Simply put in your starting point, destination and time you want to travel and the planner will give you detailed instructions including route numbers, times and transfer points.

Route Guides

To know everything about the routes you're going to use, look for detailed route guides in display racks throughout Milwaukee or visit RideMCTS.com. Route guides can also be found on board buses.

Bus Stops

Most local routes have stops about every two blocks. Make sure your route number is printed on the sign at the bus stop you choose.

Before Boarding

To make sure you board the correct bus, look at the electronic sign on the bus to make sure it matches your route and final destination.

How to Pay

Have the fare you need ready before boarding. Exact cash fare, bus ticket, weekly pass or other MCTS passes are accepted. Once you're on the bus deposit the cash or ticket in the farebox near the driver or show the driver your bus pass.

For a Transfer

When paying your fare, ask the bus driver for a transfer if you plan to change to another bus to complete your trip.

Just Ask

If you are not familiar with the area where your destination is located, ask the driver to call your street.

Signal Driver

To signal to get off the bus, use the touch strip or pull cord located above the window inside each MCTS bus. If you are utilizing the bike rack located on the front of the bus, remind your driver that you will need to unload your bike once the bus has stopped.

To Exit

Exit from the rear door of the bus once the green light above the door appears. Touching the center of the handles automatically opens the doors.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.
2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**
3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.
4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** 0 shows all connecting routes and 0 timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.

Making a Title VI Complaint

Any person who believes he/she has been subjected to discrimination in the delivery of or access to public transportation services on the basis of race, color or national origin, may file a complaint with Milwaukee County Transit System (MCTS). Such complaint must be filed in writing with MCTS no later than 180 days after the alleged discrimination. For information on how to file a complaint, contact MCTS as listed below:

MCTS Human Resources Department
1942 North 17th Street
Milwaukee, WI 53205
414-344-4550

801206

If you're a college student you could qualify for unlimited rides on MCTS!

- U-PASS gives unlimited rides on all routes, seven days a week to students who qualify at participating colleges
- The cost is already covered in your tuition fees
- Pick it up at designated campus locations and receive discounts from area businesses

For more information on participating colleges and student eligibility call 414-937-3251 or visit RideMCTS.com.

GETTING WHERE YOU WANT TO GO

Did you know there are more than 55 bus routes in the Milwaukee County Transit System?

The MCTS Transit Guide includes a color map of all these routes and their connections throughout Milwaukee County and several adjacent communities. Use the Guide to see which bus(es) to take. Find the route closest to your starting point, then find the route closest to your destination. If the route number is the same, you can travel directly on one bus. If not, simply transfer to the connecting bus shown.

Look for your copy in display racks throughout Milwaukee or visit www.RideMCTS.com.

HOW TO USE THIS ROUTE GUIDE

1. Open the schedule and locate the **direction** of travel and **day of the week** you wish to travel. Find the intersection closest to where you want to catch the bus. **Note:** All stops can't be listed, but buses generally stop every few blocks.

2. Look down the column of this intersection and **timepoint** for your departure time for that stop. Regular print means AM times and **bold print means PM times.**

3. Read horizontally along the line that lists your departure time to determine when you will arrive at your destination. Make sure there is a time listed under your destination timepoint. If there is not a time listed, you will need to find a different trip to reach your destination.

4. To plan your return trip, look at the reverse direction of travel on your schedule and follow these same steps. Please note that on most routes, the stop for your return trip will be located across the street from the stop where you boarded the bus.

MORE TIPS

- On the **Route Map** (0) shows all connecting routes and [0] timepoints."
- An overall MCTS system transit guide can be found at display racks located throughout the city or on RideMCTS.com. You can also use the Google Transit Trip Planner located on the RideMCTS.com web site to plan your trip.
- Be sure to get to your stop 3-5 minutes early.
- When you see a bus approaching, look at the electronic destination sign above the front windshield to verify the route number and final destination match those given in your route guide.
